WINTER 2017

## BUILDING SOLUTIONS

## ARC Project Updates

**Wabash Plastics:** ARC is currently completing work at Wabash Plastics in Evansville. This job includes a 50,000-square-foot manufacturing addition, mechanical and electrical room, new restrooms, a 20-foot wide fire lane, new parking area, and numerous site improvements around the property.

**BKD:** ARC Construction has been working at BKD on Cross Pointe Boulevard in Evansville to help renovate and build an addition to the existing structure. ARC is adding more than 5,400 square feet of new office space to help transform the single tenant occupied building into a multiple tenant occupied space. ARC is also renovating more than 5,000 square feet of existing interior to accommodate for the new tenants.

**Henderson Community College:** ARC has been working to renovate the Henderson Community College. This project includes work at four buildings, including the administration building, with site renovations and a renovated entrance. Work also took place at the Academic Technical Building where ARC renovated three classrooms, replaced lighting, wall coverings, and casework. ARC also replaced exterior concrete and interior flooring at the Henderson Fine Arts Center. In addition, ARC also revitalized an area outside the Arts & Sciences Building, which included a new walkway around the building.

**Scott Township Fire Department Station No. 2:** ARC was recently awarded the Scott Township Fire Department Station No. 2. This contract includes a 4,300-square-foot bay for fire trucks and emergency vehicles, as well as a 4,800-square-foot occupational space for the firefighters. This area includes a kitchen, a day room, a fitness area, sleeping quarters, offices, restrooms, and a training facility.
